

“For Your Information”

(A periodic publication by Sherwood Oaks Executive Director, Annette McPeck)

May 10, 2016

Scam Presentation

Phil Little, a representative from The Attorney General’s office, will be here on Friday, May 13 to speak to you about how to identify scams. This presentation will be held at 1:00 PM in the auditorium and card room. I encourage all of you to attend.

Resident Meeting

I will be holding a resident get together on Tuesday, May 17 at 10:30 AM in the auditorium and card room to present an overview of the Sherwood Oaks operating and capital budgets for fiscal year 2017. This will also include information about fee increases in the coming year. Detailed information will be distributed to each resident later this week. I hope to see you there.

Trillium

The Trillium is in full bloom and phase five has just been completed. If you haven’t seen the Trillium, you can access it by entering the North Woods via the entrance to parking lot I.

Dining Services

The new spring/summer menus started on May 2 and will continue until the fall/winter menus come out later this year. Cold soups, salad entrees and new ice cream selections have been added to these menus.

Please join us on Wednesday, May 25 for “A Night Out in New York City.” Complete details including the menu will be posted later this month.

Swan Names to be Revealed

On Sunday, May 15, the names of the swans will be revealed on large sheet cakes that will be displayed in the lobby area during brunch and dinner. Feel free to stop by and have a piece of cake to celebrate their first birthdays.

Scooter Safety

There is an increase in pedestrian and scooter traffic at this time of the year due to the nice weather. If you drive a scooter, please stay to the right of the sidewalks and remember to drive at a slow speed. This is in consideration of the walking residents who cannot move as quickly as scooters do.
