

“For Your Information”

(A periodic publication by Sherwood Oaks president, Mark Bondi)

December 11, 2015

This past week I accepted an offer to become the president of Sherwood Oaks’ parent organization - UPMC Senior Communities. This means that I will still be involved with Sherwood Oaks, just not on a daily basis.

Annette McPeck, our CFO, has agreed to accept added responsibilities and become our executive director/chief financial officer. Annette will assume the responsibility for Sherwood Oaks’ daily operations. All of my current managers will report directly to Annette and she will report to me. I will continue as president of Sherwood Oaks and will remain a member of the Sherwood Oaks (PLCC) Board of Directors.

I have been at Sherwood Oaks for almost sixteen years and this was a difficult decision for me; but the prospect of leading a larger organization, while still remaining involved at Sherwood Oaks, was very appealing. I feel comfortable that Annette and our strong Sherwood Oaks team will continue to be very successful.

I will officially assume this position on December 27, 2015; but will still be at Sherwood Oaks until mid-January 2016 when I will move my office to Oakland.
