Resident Get Togethers to Resume

Resident Get Togethers will resume this month. Please join Lori Greer and Sue Hoffman on Friday, July 23 at 1:30 p.m. in the Auditorium and Card Room. Lori is the Personal Care Administrator and will speak to you about Personal Care and the Oak Grove Center. Sue is the Special Services Coordinator and will outline the services offered through the Special Services Department.

Maintenance Work Orders

There are several ways work orders can be entered by residents. You may stop by the reception desk and fill out a “Work Request” form. You may also call the maintenance department at ext. 8477 to request a work order. In cases of emergencies (water leaks, heating and air conditioning, loss of power) please call the receptionist for immediate action.

Two new ways to place a work order are through email via DSSOWorkOrder@upmc.edu or through the Sherwood Oaks App.

Whichever way you choose to place a work order, you can keep track of its progress by adding your email address to the work order. Also, the Maintenance Department will call your home number when the work order is received, when the work order is issued, and when the work order is complete. You are welcome to call Gary Whoric, Maintenance Supervisor, at ext. 8599 with any questions regarding the work order process.

Falls

We would like to remind you to walk on the sidewalks when you are out in the community; please do not take shortcuts across the grass from one sidewalk to another. The grass could be wet, and you could slip and fall. If you do happen to fall in your home, in the community or outside of Sherwood Oaks, please call the Community Nurse to report it, even if there is no injury. And, if you see a resident who has fallen, please do not attempt to help them up. Call or alert the reception desk immediately and a nurse and/or security will be sent to care for the resident.
